

**Family photo sessions
with matching outfits
suck,**

**BUT the laughs years
later are worth it.**

**Getting a mammogram or
colonoscopy sucks too...**

**but they save lives...
leaving you more time to
laugh with those you love.**

**GET
SCREENED
FOR
CANCER**

WHY ARE CANCER SCREENINGS IMPORTANT?

Screenings check your body for cancer before you have symptoms and may prevent or find cancers early, when treatment is likely to work best. CDC supports screening for breast, cervical, colorectal (colon), and lung cancers.
